Audit Associate II

KPMG, Pakistan | Oct 2022 – Dec 2023

Audit Associate I

KPMG, Pakistan | Sep 2021 – Sep 2022

MAIN RESPONSIBILITIES:

- Led external audit engagements for clients across Telecommunications, IT, Manufacturing, and Real Estate sectors with teams of up to 4 members, ensuring completion within reporting deadlines.
- Acted as the primary liaison between client management and engagement leadership during audit fieldwork and reporting phases.
- Supervised and reviewed work of junior audit staff, providing coaching and technical guidance to ensure audit quality and timely completion.
- Conduct assessments of clients' internal control measures, identifying risks and recommending improvements to strengthen governance and compliance.
- Collaborate closely with senior staff, including Audit Managers, Senior Managers, and Partners, ensuring smooth audit execution and client satisfaction.
- Expanding knowledge and expertise in auditing and accounting practices.
- Addressing significant audit issues highlighted during the process and engage with management for appropriate resolution.
- Applied comprehensive knowledge of International Financial Reporting Standards (IFRSs), International Accounting Standards (IASs), and International Standards on Auditing (ISAs), with a thorough understanding of business risk management.

- Gaining understanding of client/business issues. Planning, executing, and reporting on external audit and assurance engagements. Delivering efficient and effective audit and assurance services.

ACHIEVEMENTS:

- Received appreciation from the KPMG Audit Team in Qatar and Saudi Arabia for exemplary hard work and dedication during the audit process. Commended for providing insightful observations that significantly enhanced the operational strength at Client Operations, reflecting a strong commitment to excellence and collaborative success in audit engagements.
- Throughout my tenure at KPMG, I consistently achieved high performance ratings.
- Conducted training sessions for accounting and professionals at KPMG.
